**Interstaatliche Hochschule
für Technik Buchs**

FHO Fachhochschule Ostschweiz

Study in Eastern Switzerland ...

Two campuses:

Buchs – close to the border with Liechtenstein and Austria

St Gallen – not far from Lake Constance, fast trains to Zurich

Undergraduates choose from modules in the **Systems Engineering** degree programme featuring the following specializations:

- Electronics and Control Engineering
- Computer Science
- Mechanical Engineering
- Microtechnology
- Photonics

What makes the NTB special?

Small but excellent:

- Friendly and welcoming – personal contact with the professors
- Close proximity to industry – excellent job opportunities
- Beautiful surroundings offer a wide range of leisure activities
- Very good connections to other Swiss towns (Chur, Winterthur, Zurich, ...) and neighbouring countries (Germany, Austria, Italy)

Enjoy leisure-time activities ...

In the mountains, in
the air, by a lake, at
an open air, not to
forget other regions,
...

**There are no end of
options!**

And not as expensive as you might think!

Swiss European Mobility Programme (SEMP) = «Swiss Erasmus»

- SEMP incoming grants 2019-2020 = CHF 380-440 per month (depending on the country) for 5 months each semester
- Flat share from approx. CHF 400-500
