4. Click on “**Upload**” for the project to which the work should be uploaded (PDF or ZIP format – attachment).

- Rules for naming the file are the following (only individual bachelor or master thesis itself):
PDF file „Subject code_ID_name_surname.pdf“ (*Subject code, ID, name, surname*).

- Eg. F7PBBBBP_785654_Jan_Student.pdf;
- F7PBBBBP subject code (Bachelor thesis) is according to the study program and the version to which you registered in KOS, ID is the identification number of the student.

- Rules for naming the file if more extensive attachments are included (for example SW source code etc.): **ZIP file** „Subject code_ID_name_surname.zip“ (*Subject code, ID, name, surname*).

- e.g. F7PBBBBP_785654_Jan_Student.zip;
- F7PBBBBP subject code (bachelor thesis) is according to the study program and the version to which you registered in KOS, ID is the identification number of the student.
